

AIR MAIL

THIS SIDE OF CARD IS FOR ADDRESS

Mr. J. Lederberg  
Osborne Botanical Laboratory  
Yale University  
New Haven, Conn.

5/20

Dear Ashua,

Could you send me (air mail) the reprints of Kristersten dealing with the pentose inhibition? My student is writing her thesis and badly needs them. If you send them immediately, we shall only keep them 3 days.

I shall send on Thursday the stocks of phosphate & bacteria that you need.

Thanks -

yours.

Linné
